Mind Identity : Mission Statement

Mission

To create the world’s most desirable poker entertainment brand, where luxury, personality, and competition come together as one premium experience.

Mind Identity : Mission Statement

Vision

Redefining poker for a new generation by evolving the poker game itself into a global entertainment and lifestyle brand with real life participants from all over the world.

Mind Identity : Belief

Belief

People are drawn not just to the game, but to the world of extravagant lifestyle that a top poker pro can possible achieve.

Mind Identity : Philosophy

Philosophy

The game of poker is reaching its true potential when creativity, technology and cinematography are instilled in the most professional manner.
